

# AUTISM SEMINARS

## MATC NEURODEVELOPMENTAL SERVICES

### *Triple S – “Scaffolding Student Success”*

This workshop is tailored for *school support teams* to equip them with guiding frameworks to scaffold school engagement and performance of students struggling in the classroom.

Participants will:

- Review self-regulation and considerations/barriers to engagement
- Become familiar with guiding frameworks to scaffold success
- Develop and work through “Plan A-B-C” tool to familiarize application

Participants are encouraged to attend as **school teams** (e.g. administrators, clinicians, resource, classroom, educational assistants) and to select one student profile to develop supports for during the workshop. Participants will be encouraged to review pre-workshop resources to prepare for afternoon sections.

March 8, 2019
