<p>Quality Issue: Services have not sufficiently addressed the needs of high risk and/or hard-to-reach populations.</p> <p>Quality Dimension: Population Focus</p> <p>Champion for Initiative: Marg Synyshyn, Doris Dong, Lori Middendorp</p> <p>Recommendation (AC): 2009 <u>Effectiveness</u>: It is recommended that the team partner with community health centers to promote mental health and well-being particularly for marginalized populations. <u>Addressing Needs</u>: ensure that cultural needs are being addressed along the continuum.</p> <p>QPR Flag: Yellow</p>	<ol style="list-style-type: none"> To increase utilization of services via Tele health by 25% to First Nations communities currently involved in MATC RANTS (Rural and Northern Tele-health Service) by September 2013. To increase overall utilization of HSC Tele-health services to rural and Northern First Nations communities by 25% by September 2013. To promote professional development opportunities for all program Staff in the area of cultural competency so that 100% of staff has access to appropriate training by Sept 2013. 	<ol style="list-style-type: none"> RNTS staff will continue to promote service delivery information and access to service within targeted First Nations Communities on an ongoing calendar basis, as well as circulate brochures to communities. HSC is increasing resources ie, physician, clinician and SW to provide telehealth follow-up to rural and remote communities not currently serviced by RANTS. Managers will circulate PD information ie conferences, workshops , and provide opportunities for participation in PD activities that are culturally and clinically appropriate to service areas on an ongoing basis. 	NO	<ol style="list-style-type: none"> Number of referrals to Tele-health will increase as will number of clients and families seen at appointment by 25%. As measured by recorded statistics. As Above All Service areas will receive information for PD activities that are culturally and clinically appropriate. 	<p>MATC Telehealth activity to First Nations communities increased 140% from 2010 to 2013.</p> <p>A third clinician was added to the Rural and Northern Telehealth program effective September 2014. Expansion of the service into additional communities expected by December 2014.</p> <p>An evaluation of the MATC telehealth program has commenced with expected date of completion December 2014.</p> <p>HSC is providing 100% telehealth to all patients from rural and northern communities where HSC physician coverage is available.</p> <p>Cultural awareness training was rolled out.</p> <p>All service areas receive information on cultural training from the WRHA Aboriginal Health programs. Other cultural training opportunities are readily distributed amongst program areas.</p>	<p>Completed</p> <p>Completed</p> <p>Completed – May 2014</p>

<p>Quality Issue: To ensure that all sites have integrated CODI language and services into day-to-day care provided to clients and their families.</p> <p>Quality Dimension: Continuity of Service and Effectiveness</p> <p>Champion for Initiative: Lori Middendorp</p> <p>Recommendation (AC): N/A</p> <p>QPR Flag: N/A</p>	<p>To increase CODI literacy to 100% across all programs.</p> <p>To ensure integration of CODI assessment and treatment plans where clinically appropriate.</p>	<p>All staff will be advised of CODI training modules and will be encouraged to participate in appropriate training as required in their clinical practice.</p> <p>Determine feasibility of job shadowing between mental health and AFM by May 2013.</p> <p>Complete CODI audit to assess current integration of assessment and treatment planning to appropriate charts.</p> <p>Program leadership will complete COMPASS self- audit by May 2013.</p> <p>The CODECAT will be available for individual clinicians to complete to assess level of CODI competency as it relates to integration of principles into practice.</p>	NO	% of service areas that area aware of PD opportunities will increase.	CODI training information was distributed to staff through all service areas.	Completed
				Feasibility of Job shadowing and sharing of information is explored with various program sites.	The feasibility of job shadowing was postponed by the CODI steering committee in March 2013 due to changes within the committee representation.	Completed
				100% of appropriate clients have documentation on their charts re: CODI and a corresponding Treatment plan as measured via chart audits.	CODI audit completed in September 2012 with recommendations forwarded to Program leaders for consideration.	Completed
					Youth Addiction Centralized Intake Service met with all clinically appropriate service areas to provide support, resources and direction for collaboration on co-morbidity issues as required.	Completed
					CODI audit to be distributed to all staff for review via their program managers.	
					A secondary random chart audit is to be completed by program managers by October 28, 2014 to re-assess implementation of CODI principles into documentation.	
					CODI COMPASS results were shared with Standards and Quality Committee members in June 2013.	Completed
